The information disclosure statements filed 26 December 2000 and 7 September 2001 fail to comply with 37 CFR 1.97(c) because they lack a statement as specified in 37 CFR 1.97(e). They have been placed in the application file, but the information referred to therein has not been considered. Applicants are reminded 37 CFR 1.97(e) states "A statement under this section must state either:

(1) That each item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement; or

(2) That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the statement after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in 1.56(c) more than three months prior to the filing of the information disclosure statement. "

Applicants are reminded this application is still under suspension pending the decision of an interference.
